

Static Field Meter

TM-291

Functions:

- Measuring range: 0~±20.000KV
- Measuring distance: 2.54cm(1 inch).
- Sampling time: 0.5 sec.
- Warning alarm setting.
- Data hold.
- Peak hold.
- Backlight function.
- Auto power off with disable function.
- Zero function and low battery indicate.
- Manual data memory storing 99 data sets.

Specifications:

- Display: 5 digits LCD with maximum reading 30,000.
- Accuracy: $\pm(5\%+1\text{dgt})$.
- Battery: 9V NEDA 1604, IEC 6F22 or JIS 006P.
- Battery life: approximate 100 hours.
- Operating temperature and humidity: 5°C to 40°, Cbelow 80%RH.
- Dimension: 148×65×37.5mm (L×W×H).
- Weight: About 210g(including battery).
